Dear Stephen

Thank you for coming to see me last Monday 10<sup>th</sup> March and for the supplementary workshop books and the Stephen R. Covey book.

The course that you ran was good and it had some good points which made people think about their daily job role.

I have also discussed your comments with those that attended the course.

I look forward to working with you again in the future and also as I mentioned, I have put your name forward to TUCO.

I will be in touch in due course.

Kind regards

Bill Brogan  
Catering and Conference Manager
